

CURRICULUM VITAE

DANIEL G. FUSTER

Current status

Name:	Daniel G. Fuster, M.D., Prof. Dr. med.
Business address:	Department of Nephrology and Hypertension Inselspital, Bern University Hospital Freiburgstrasse 15 CH-3010 Bern, Switzerland
Email:	daniel.fuster@insel.ch
ORCID ID:	0000-0001-7220-1803
Scopus ID:	56727878700
Web of Science ID:	AAA-7079-2021
Positions	1. Senior consultant (Leitender Arzt), Department of Nephrology and Hypertension, Inselspital, Bern University Hospital 2. Associate Professor, Faculty of Medicine, University of Bern

Personal statistics

Date of birth:	July 25, 1972
Place of birth:	Zürich, Switzerland
Citizenship:	Switzerland (Appenzell, AI)

Education

1985 – 1992	Collegium Immensee (Schwyz)
1992	Federal Matura type B, Collegium Immensee
1992 – 1998	Medical School, University of Bern
1997	Rotations in Internal Medicine and Nephrology, McGill University, Montréal, Canada

1997	United States Medical Licensing Exam (USMLE) Step 1
1998	Rotation in Anesthesiology, University of the Westindies, Barbados
1998	United States Medical Licensing Exam (USMLE) Step 2
1998	Clinical Skills Assessment (CSA), Philadelphia, USA
1998	Federal Licence (MD), University of Bern
1998	Doctorate (Dr. med.), University of Bern
1999	Educational Commission for Foreign Medical Graduates (ECFMG) certification, USA
2008	Board Certification in Nephrology, Swiss Medical Association (FMH)
2011	Venia docendi, University of Bern, Switzerland
2015	Associate Professor, University of Bern, Switzerland
2018	Board Certification in Internal Medicine, Swiss Medical Association (FMH)

Professional experience

1998 – 1999	Research fellow, Department of Nephrology and Hypertension, Prof. F.J. Frey, Inselspital Bern, Switzerland
1999 – 2001	Residency, Department of Internal Medicine, Prof. F.J. Frey, Inselspital, Bern, Switzerland
2001 – 2004	Basic Science Fellowship, Division of Nephrology, Profs. O.W. Moe and D. W. Hilgemann, UT Southwestern Medical Center, Dallas, Tx, USA
2004 – 2005	Clinical Renal Fellowship, Division of Nephrology, Prof. O.W. Moe, UT Southwestern Medical Center, Dallas, Tx, USA
2005 – 2006	Basic Science Fellowship, Division of Nephrology, Profs. O.W. Moe and D. W. Hilgemann, UT Southwestern Medical Center, Dallas, Tx, USA
2006 – 2008	Junior attending (Oberarzt Stv.), Department of Nephrology and Hypertension, Prof. F.J. Frey, Inselspital Bern, Switzerland
2008 – 2015	Attending (Oberarzt), Department of Nephrology and Hypertension, Prof. F.J. Frey and Prof. B. Vogt, Inselspital Bern, Switzerland
2015 –	Senior attending (Leitender Arzt), Department of Nephrology and Hypertension, Prof. B. Vogt, Inselspital Bern, Switzerland

Professional Organizations

Current

1998 –	Swiss Medical Association (FMH)
--------	---------------------------------

1998 –	Swiss Association of Residents and Attendants (VSAO)
2001 –	American Society of Nephrology (ASN)
2008 –	Swiss Society of Nephrology (SSN)
2008 –	International Society of Nephrology (ISN)
2010 –	National Centre for Competence in Research (NCCR) Kidney.CH
2010 –	National Centre for Competence in Research (NCCR) TransCure
2014 –	Swiss Kidney Stone Cohort (SKSC)
2013 –	Swiss working group of inherited kidney diseases (WGIKD)
2018 –	Scientific commission, Swiss Society of Nephrology (SSN)

Past

2013 – 2019	Secretary, Swiss working group of inherited kidney diseases (WGIKD)
2013 – 2019	Board Member, Swiss Society of Nephrology (SSN)
2013 – 2019	Delegate of Swiss Society of Nephrology for Swiss Institute for Postgraduate and Further Education in Medicine (SIWF)

Institutional Tasks

Current

2010 –	Graduate School commission « Biological Systems », University of Bern
2013 –	Head of theme „ Homeostasis“, 3rd year Medical School, University of Bern, Switzerland
2014 –	Head specialty consultation for genetic kidney disease, kidney stone disease and acid-base and electrolyte disturbances, Department of Nephrology and Hypertension, Inselspital Bern
2014 –	Organisator and moderator of bimonthly interdisciplinary meeting on Genetic Kidney Disease, Department of Nephrology and Hypertension, Inselspital Bern
2015 –	Head clinical study operations, Department of Nephrology and Hypertension, Inselspital Bern
2015 –	Head outpatient clinic, Department of Nephrology and Hypertension, Inselspital Bern
2014 –	Head and Principal Investigator, Bern Kidney Stone Registry (BKS)
2015 –	Head and Principal Investigator, Bern Autosomal-Dominant Kidney Disease (ADPKD) Registry
2019 –	Teaching coordinator, Department of Nephrology and Hypertension, Inselspital Bern

Past

- 2009 – 2015 Organisator and Moderator of quarterly postgraduate educational „Minisymposium“ for Internists and Nephrologists, Department of Nephrology and Hypertension, Inselspital Bern
- 2015 External commission member, Venia docendi of Dr. med. et phil. Sophie de Seigneux, Division of Nephrology and Hypertension, HUG, Geneva
- 2016 Commission member, Venia docendi of Dr. med. dent. Thiago Saads Carvalho, School of Dental Medicine, University of Bern
- 2020 Commission member, Associated Professorship of PD Dr. med. Roland Seiler-Blarer, Department of Urology, Inselspital Bern
- 2020 Commission member, Promotion to Extraordinaria of Prof. Dr. med. Fiona Burkhard, Department of Urology, Inselspital Bern

Editorial Board

- 2020 – Journal of Nephrology
- 2021 – Frontiers in Physiology

Ad-hoc Reviewer

Abstracts Annual Meeting of the American Society of Nephrology, Abstracts Annual Meeting of the Swiss Society of Nephrology, American Journal of Physiology, BMC Nephrology, Cellular Physiology and Biochemistry, Clinical Journal of American Society of Nephrology, Icelandic Research Fund, Journal of American Society of Nephrology, Journal of Cachexia Sarcopenia and Muscle, Journal of Nephrology, Journal of Physiology, Journal of Renal Nutrition, Kidney and Blood Pressure Research, Kidney International, Nature Communications, Nephrology Dialysis Transplantation, NIH, Pflügers Archives, PLOS one, Science, Scientific Reports, Swiss Medical Forum, Wellcome Trust, ZonMw

Awards and Fellowships

- 2001 – 2002 National Science Foundation, fellowship grant
- 2007 – 2009 European Union, Marie-Curie Intra-European fellowship grant
- 2009 – 2014 Cloëtta Research Position

Grants and funded Projects

- 2001 – 2002 National Science Foundation, fellowship grant # 81BE-066227
- 2007 – 2008 European Union, Marie-Curie Intra-European fellowship grant

2008 – 2010	Swiss National Science Foundation grant # 3100A_117732) (Main applicant)
2009 – 2014	Cloëtta Research Position
2009	Novartis Foundation grant (Main applicant)
2010 – 2022	Project leader, NCCR Kidney.CH
2010 – 2022	Project leader, NCCR TransCure
2012	Unrestricted research grant Abbvie (Main applicant)
2011 – 2014	Swiss National Science Foundation grant # 31003A_135503 (Main applicant)
2014 – 2017	Swiss National Science Foundation grant # 3100A_152829 (Main applicant)
2015	Novartis Foundation grant (Main applicant)
2015	Unrestricted research grant Otsuka Pharmaceuticals (Main applicant)
2016 –	Swiss National Science Foundation « Investigator-initiated Clinical Trial » grant # 33IC30_166785/1 (Main applicant and Principal Investigator)
2017 – 2022	Swiss National Science Foundation grant # 3100A_172974 (Main applicant)
2020	Unrestricted research grant Otsuka Pharmaceuticals (Main applicant)
2020	Unrestricted research grant Boehringer Ingelheim (Main applicant)
2022	Unrestricted research grant CSL Vifor (Main applicant)
2022	Center for Artificial Intelligence in Medicine research grant, University of Bern (Main applicant)

Supervisor Doctoral Thesis

1. Simon Alexandre. Regulation of sodium/proton exchanger 1 (NHE1) plasma membrane abundance, PhD University of Bern, 2011
2. Anderegg Manuel, Physiological role of the sodium/proton exchanger NHA2 in the kidney, MD University of Bern, 2011
3. Deisl Christine. The role of the sodium/proton exchanger NHA2 in the endocrine pancreas, PhD University of Bern, 2015
4. Albano Giuseppe. Calcium and phosphate transport by osteoclasts. In vitro and in vivo studies, PhD University of Bern, 2015
5. Anderegg Manuel. Physiological role of the sodium/proton exchanger NHA2 in the kidney, PhD University of Bern, 2018
6. Gradwell Michael, Kidney stones – role of urinary acidification, MD University of Bern, 2018
7. Lüthi David, Is FGF23 associated with renal phosphate leak in idiopathic calcareous nephrolithiasis ?, MD University of Bern, 2018
8. Hanke Daniela, The role of sodium/hydrogen exchangers NHEs in bone homeostasis, PhD University of Bern, 2020
9. Morard Gaetan, Association of urinary sex steroid hormones with urinary calcium, oxalate and citrate excretion in kidney stone formers, MD University of Bern, 2020
10. Schneider Lisa, Prevalence of Osteoporosis and Osteopenia in Kidney Stone Formers, MD University of Bern, 2021
11. Kucharzyk Patrycja, Mechanisms of thiazide-induced glucose intolerance, PhD University of Bern, 2022
12. Vetsch Andri, Impact of the V2 receptor antagonist Tolvaptan on acid-base and mineral metabolism parameters in patients with polycystic kidney disease, MD University of Bern, 2022
13. Mattmann Cédric, Is incomplete distal renal tubular acidosis associated with low bone mass in stone formers ?, MD University of Bern, ongoing

Co-Referee Doctoral Thesis

1. Cabra Romina, Iron in the regulation of osteoclastogenesis and bone resorption, PhD University of Bern, 2019
2. Wiegand Anna, Metabolic Acidosis and Graft Survival after Kidney Transplantation: Characteristics and Mechanisms, PhD University of Zürich, 2019

Mentor Doctoral Thesis (delegated by Graduate School, University of Bern)

1. Aghagolzadeh Parisa, Cellular and molecular mechanisms of thiosulfate-mediated vascular calcification inhibition, PhD University of Bern, 2016
2. Keil Andreas, The mechanism of topoisomerase I inhibition in the treatment of lupus nephritis, PhD University of Bern, 2017
3. Streit Jonas, All-optical drug screening with a versatile optogenetic toolbox targeting recombinant cardiac ion channels, PhD University of Bern, 2017
4. Graubner Felix, Endocrine and cellular mechanisms of decidualization in the early pregnant canine uterus: remodelling processes and role of PGE2, PhD University of Zürich, 2017
5. Vermij Sarah, Characterization of Nav1.5 expression, organization and electric behaviour in cardiomyocyte domains, PhD University of Bern, 2019
6. Von Siebenthal Michelle, Identification of molecular targets to treat obstructed and neurogenic bladder dysfunction, PhD University of Bern, 2022

External Expert Doctoral Thesis

1. Bounoure Lisa, The role of the ammonia transporter RhCG in acid-base homeostasis, PhD University of Zürich, 2013
2. Komuraiah Myakala, Renal-specific and inducible depletion of NaPi-IIc/Slc34a3, the cotransporter mutated in hereditary hyperphosphatemic rickets with ypercalciuria, does not affect phosphate or calcium homeostasis in mice, PhD University of Zürich, 2014
3. Spichtig Daniela, The Regulation of Fibroblast Growth Factor 23 in Autosomal Dominant Polycystic Kidney Disease, PhD University of Zürich, 2015
4. Rodriguez Daniel, Glucose transport and metabolism in polycystic kidney disease, PhD University of Zürich, 2016
5. Ansermet Camille, Investigation of the intrinsic renal circadian clocks / Characterization of the renal function of XPR1 and ARG2, PhD University of Lausanne, 2019
6. Cabuzu Daniela, Control of minerals in kidney stone disease, PhD University of Lausanne, 2022

Supervisor Master Thesis

1. Anderegg Manuel, Role of the sodium/proton exchanger NHA2 in salt sensitivity and arterial hypertension, Master of Medicine University of Bern, 2011
2. Gradwell Michael, Kidney stones – role of urinary acidification, Master of Medicine University of Bern, 2017
3. Schneider Lisa, Prevalence of Osteoporosis and Osteopenia in Kidney Stone Formers, Master of Medicine University of Bern, 2017

4. Morard Gaetan, Untersuchung des Ernährungseinflusses auf den Ammoniumchlorid-Säurebelastungstest, Master of Medicine University of Bern, 2017
5. Lüthi David, Is FGF23 associated with renal phosphate leak in idiopathic calcareous nephrolithiasis ?, Master of Medicine University of Bern, 2017
6. Mattmann Cédric, Is incomplete distal renal tubular acidosis associated with low bone mass in stone formers ?, Master of Medicine University of Bern, 2018

Invited Oral Presentations

1. Antihypertensive Therapie bei Niereninsuffizienz. Berner Hypertonietagung, Inselspital Bern, 2007
2. Perioperative Niereninsuffizienz. Berner Anästhesietagung, Inselspital Bern, 2007
3. Erhöhtes Serumkreatinin, ein kardiovaskulärer Risikofaktor. Symposium „Eingeschränkte Nierenfunktion, Inselspital Bern, 2008
4. Niereninsuffizienz – akut oder chronisch ? Symposium Innere Medizin, Inselspital Bern, 2008
5. Distal Renal Tubular Acidosis and Deafness Caused by a Novel Mutation of the B1 subunit C-terminus Resulting in Lack of V-ATPase Assembly: Analysis Using Yeast Complementation. Annual Meeting of the American Society of Nephrology, Philadelphia, 2008
6. Epithelialer Transport im Darm. Viszeralchirurgietagung, Inselspital Bern, 2008.
7. Regulation of NHE1. Institute of Pharmacology and Toxicology, Lausanne 2009
8. H-ATPases and distal RTA. ISN Forefront Symposium on Renal and Extrarenal Acid-Base Homeostasis in Health and Disease, Florence, 2009
9. H+-ATPase mutations – rare forms of distal renal tubular acidosis ? Minisymposium, Department of Nephrology and Hypertension, Inselspital Bern, 2010
10. Diuretika. Weiterbildung Innere Medizin, Zieglerhospital Bern, 2010
11. Novel Sodium/Hydrogen Exchanger NHA2 – a Quest for Biological Function. Institute of Biochemistry and Molecular Medicine, University of Bern, 2010
12. Characterization of the E161K B1 subunit V-ATPase polymorphism in vivo. NCCR Kidney.CH retreat, Beatenberg, 2010
13. Sodium/proton exchangers. Biozentrum, University of Basel, 2011
14. Blutdruckeinstellung bei Niereninsuffizienz. Berner Hypertonietagung, Inselspital Bern, 2011
15. Why should the Nephrologist be interested in sodium/hydrogen exchangers ?, Minisymposium, Department of Nephrology and Hypertension, Inselspital Bern, 2011
16. Regulation of the sodium/proton exchanger NHE1. Sandbjerg Meeting on Membrane Transport, Sonderborg (Denmark), 2011

17. Novel aspects of distal tubular acidification by the H⁺-ATPase. Division of Nephrology, University Hospital Zürich, 2012
18. Von Quecksilber und Syphilis zu modernen Diuretika. Abschiedsvorlesung Prof. F.J. Frey, Inselspital Bern, 2012
19. Blutdruckeinstellung bei Niereninsuffizienz. Oberwalliser Ärztzesymposium, Brig, 2012
20. Sodium/proton exchanger NHA2: Biology, Structure and Pharmacology. NCCR TransCure Symposium, University of Bern, 2012
21. Role of the sodium/proton exchanger NHA2 in the endocrine pancreas. Institute of Physiology, Fribourg, 2012
22. Potassium. Annual Meeting of the Swiss Society of Nephrology, Zürich, 2012
23. Physiological role of sodium/proton exchangers. Yearly Lausanne-Bern-Paris Physiology Meeting, Institut Les Cordeliers, Paris, 2013
24. Update in Physiology. Annual Meeting of the Swiss Society of Nephrology, Zürich, 2013
25. Periinterventionelle Niereninsuffizienz. Oberwalliser Ärztzesymposium, Brig, 2013
26. Novel aspects of distal tubular acidification by the H⁺-ATPase. Division of Human Genetics, Inselspital Bern, 2013
27. Role of NHA2 in kidney function and insulin secretion, NCCR TransCure Symposium, University of Bern, 2013
28. Role of the sodium/proton exchanger NHA2 in the endocrine pancreas. Division of Endocrinology and Diabetology, Inselspital Bern, 2014
29. Physiological role of the sodium/proton exchanger NHA2. Gordon Conference on Membrane Transport, Vermont, 2014
30. Physiological role of the sodium/proton exchanger NHA2. Max-Planck Institute for Biophysics, Frankfurt am Main, 2014
31. Magnesium, wann-warum-wieviel ? Diagnostisch-therapeutisches Seminar, Department of Internal Medicine, Inselspital, 2014
32. Stone formers with the V-ATPase B1 subunit polymorphism p.E161K have a mild urinary acidification deficit with an increased prevalence of CaP containing kidney stones, Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2014
33. The sodium/proton exchanger NHA2 is a novel regulator of sodium and calcium homeostasis in the distal convoluted tubule. Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2014
34. Säure-Basen und Elektrolytstörungen. Nephro Winter School, Center Löwenberg Murten, 2015
35. Distal Renal Tubular Acidosis and Nephrolithiasis. Consensus conference for the metabolic diagnosis and medical prevention of calcium nephrolithiasis and its systemic manifestations, Rome, 2015

36. The Vacuolar H+-ATPase B1 Subunit Polymorphism p.E161K Associates with Impaired Urinary Acidification in Recurrent Stone Formers. Annual Meeting of the American Society of Nephrology, San Diego, 2015
37. Be curious ! Fallstaff Innere Medizin, Department of Internal Medicine, Inselspital Bern, 2015
38. FGF23 and markers of mineral metabolism in subjects with preserved renal function. Annual Meeting of the Swiss Society of Nephrology, Basel, 2015
39. Mutation in the monocarboxylate acid transporter 12 gene affects guanidinoacetate excretion but does not cause glucosuria. Annual Meeting of the Swiss Society of Nephrology, Basel, 2015
40. Molecular Basis of Thiazide-induced glucose intolerance. Yearly Lausanne-Bern-Paris Physiology Meeting, Institut Les Cordeliers, Paris, 2015
41. Incomplete dRTA and kidney stones – beyond the golden wedding anniversary. 1st International Kidney Stone Symposium, Inselspital Bern, 2016
42. Phosphate transport by bone cells. Annual Meeting of the American Society of Nephrology, Chicago, 2016
43. Leave no stone unturned. Fallstaff Innere Medizin, Department of Internal Medicine, Inselspital Bern, 2016
44. Comparison of furosemide /fludrocortisone with ammonium chloride test in the diagnosis of incomplete dRTA in recurrent stone formers: a prospective study. Annual Meeting of the American Society of Nephrology, Chicago, 2016
45. Neues aus der Nephrologie. Fallstaff Innere Medizin, Department of Internal Medicine, Inselspital Bern, 2016
46. Efficacy of standard and low dose hydrochlorothiazide in the recurrence prevention of calcium nephrolithiasis – the NOSTONE trial. Kantonsspital Graubünden, Chur, 2016
47. Acidose tubulaire distale: mise au point sur une entité fascinante. 12e Réunion Rhônes-Alpes, Les Diablerets, 2016
48. Das Berner ADPKD Register. Weltnerentagvortrag für Patienten, Hotel Schweizerhof, Bern, 2016
49. ADPKD: Aktuelle Einblicke und neue Optionen zum klinischen Management der ADPKD. ADPKD Symposium, Inselspital Bern, 2016
50. Thiazides in the recurrence prevention of calcareous nephrolithiasis – the NOSTONE trial. Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2016
51. Comparison of furosemide/fludrocortisone with ammonium chloride test in the diagnosis of incomplete dRTA in recurrent stone formers: a prospective study. Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2016

52. Thiazides in calcareous nephrolithiasis – current evidence from randomized trials. 2nd International Kidney Stone Symposium, Inselspital Bern, 2017
53. Inherited Disorders in Nephrolithiasis and their Diagnosis. 3rd International Meeting on Nephrolithiasis “RENAL STONES IN PRACTICE: an advanced course, Rome, 2017
54. Physiological Roles of Mammalian SLC9B Sodium/Proton Exchangers. Stockholm University, Sweden, 2017
55. Thiazides in the recurrence prevention of calcareous nephrolithiasis – the NOSTONE trial. Department of Internal Medicine, University Hospital Basel, 2017
56. Structure and Function of sodium/proton exchangers. Stockholm University, Sweden, 2017
57. Nierensteine – ein Wolf im Schafspelz. Department of Internal Medicine, University Hospital Basel, 2017
58. Aktuelles über Zystennieren. Weltnierentagvortrag für Patienten, Hotel Schweizerhof, Bern, 2017
59. Thiazides in the recurrence prevention of calcareous nephrolithiasis. Department of Diabetology, Endocrinology, Nutritional Medicine and Metabolism, Inselspital Bern, 2017
60. Thiazides in the recurrence prevention of calcareous nephrolithiasis – the NOSTONE trial. Nephrologisches Forum München, Munich 2017
61. Phenotype of kidney stone formers with renal phosphate leak. Annual Meeting of the Swiss Society of Nephrology, Fribourg, 2017
62. Jinarc in der Schweiz. Erfahrungen aus der Praxis. Annual Meeting of the Swiss Society of Nephrology, Fribourg, 2017
63. Klotho and FGF23 – novel players in CKD-MBD. Department of Nephrology and Hypertension, Inselspital Bern, 2018
64. Incomplete dRTA – a phantom ? 3rd International Kidney Stone Symposium, Inselspital Bern, 2018
65. Physiological Roles of Mammalian SLC9B Sodium/Proton Exchangers. Institute of Anatomy, University of Zürich, 2018
66. Rezidivprophylaxe kalziumhaltiger Nierensteine. Aerztefortbildung Spital Zweisimmen, 2018
67. New insights into oxalate metabolism. Department of Nephrology and Hypertension, Inselspital Bern, 2018
68. Quality of Life and Tolerability of Jinarc (Tolvaptan) in Swiss ADPKD Patients. Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2018
69. Kalium. Aerzteweiterbildung, Department of Internal Medicine, Inselspital Bern, 2019

70. Secondary Prevention of Nephrolithiasis. 4th International Meeting on Nephrolithiasis "RENAL STONES IN PRACTICE: an advanced course Verona, 2019
71. Renale Anämie. Symposium chronische Zytopenien im Alter, Department of Internal Medicine, Tiefenauhospital Bern, 2019
72. Magnesium. Aerztefortbildung, Division of Nephrology, University Hospital Zürich, 2019
73. 3 Jahre Berner ADPKD Register, Weltnerentagvortrag für Patienten, Hotel Schweizerhof, Bern, 2019
74. Hydrochlorothiazide and skin cancer – what should we tell our patients ? 4th International Kidney Stone Symposium, Inselspital Bern, 2019
75. Treatment of ADPKD with Tolvaptan: US guidelines. ADPKD Meeting, Haus der Universität Bern, 2019
76. Pharmacologic recurrence prevention in idiopathic calcium nephrolithiasis. Nephrologisches Seminar Heidelberg, Heidelberg, Germany, 2020
77. Urinary lithogenic risk profile in ADPKD patients treated with Tolvaptan. ERA-EDTA congress, Milan, 2020
78. Illuminate-A: results of a double-blind randomized trial. Virtual presentation at International hyperoxaluria expert meeting, 2020
79. Inherited disorders in nephrolithiasis. Minisymposium, Department of Nephrology and Hypertension, Inselspital Bern, 2020
80. RNA silencing in der Behandlung der primären Hyperoxalurie. Murtener Nephrologie Nachmittag, Murten 2021
81. X-linked hypophosphatemic rickets: transition to adult care. Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2021
82. Kalium. Aerzeweiterbildung, Department of Internal Medicine, Inselspital Bern, 2021
83. Thiazides and kidney stone recurrence - results of the randomized NOSTONE trial. Charles and Jane Pak Center for Mineral Metabolism and Clinical Research Research Conference, Dallas, 2022
84. Rationale Abklärung und Behandlung von Nierensteinen. Murtener Nephrologie Nachmittag, Murten, 2022
85. Metabolic syndrome, obesity and diabetes: the complex relationship with renal stones. 5th International Meeting on Nephrolithiasis, Florence, 2022
86. Nierensteine bei Jung und Alt. Seniorenuniversität, Universität Bern, 2022
87. The Return of an Old Friend: Thiazide Diuretics in CKD and Kidney Stones. ERA-EDTA congress, Paris, 2022
88. Evaluation and Management of Pain Syndromes in ADPKD Patients. Swiss ADPKD exchange meeting, Olten, 2022

89. Rezidivprophylaxe bei Nierensteinen: Führen die Resultate der schweizweiten NOSTONE Studie zu einem Paradigmenwechsel ? Oberwalliser Ärztseminar, Brig, 2022
90. Hydrochlorothiazide for the prevention of kidney stone recurrence. Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2022
91. Primary Hyperoxaluria Type I – Phenotype and Therapeutic options. Annual Meeting of the Swiss Society of Nephrology, Interlaken, 2022

Moderations / Seminar organizations

- | | |
|-------------|---|
| 2014 – | Organisation and moderation of bimonthly interdisciplinary meeting on Genetic Kidney Disease, Department of Nephrology and Hypertension, Inselspital Bern |
| 2013 – 2019 | Organisation and moderation of biannual National Meeting on Inherited Kidney Disease |
| 2009 – 2015 | Organisation and moderation of quarterly postgraduate educational „Minisymposium“ for Internists and Nephrologists, Department of Nephrology and Hypertension, Inselspital Bern |
| 2008 | Symposium „Eingeschränkte Nierenfunktion, Department of Nephrology and Hypertension, Inselspital Bern |
